

## CURRICULUM VITAE

### DR. S. VENKATACHALAM

Date of Birth : 14.06.1987  
Sex : Male  
Nationality : Indian  
Marital status : Married  
Mob no : +91-9952240259  
E-mail id : [venkateshbiotech@gmail.com](mailto:venkateshbiotech@gmail.com);  
: [venkatachalam@ncpor.res.in](mailto:venkatachalam@ncpor.res.in)

Project Scientist -II  
Arctic Ecology and Biogeochemistry Division  
National Centre for Polar and Ocean Research  
Headland Sada  
Vasco-da-gama  
Goa, India

**Research interest: Microbial Ecology and Genomics; Alpine and Polar ecosystems, Large-scale sequence data analysis; NGS instrumentation; Metagenomics; Pangenomics.**

### Academic Qualification

Degree	Subject	Year	University/ Institution
B.Sc.	Biotechnology	2004-2007	Periyar University, Salem
M. Sc.	Biotechnology	2007-2009	Bharathidasan University, Trichy
PG Diploma	Bioinformatics	2008-2009	Bishop Heber College, Trichy
Ph.D	Biotechnology	2010-2014	Bharathiar University, Coimbatore

### Research Experience, Awards and Fellowships:

Duration	Position	Fellowships
<b>April 2022 – to date</b>	: Project Scientist-II, National Centre for Polar and Ocean Research, Goa, India	NA
<b>April 2019 – September 2021</b>	: Post-Doctoral Fellow, National Centre for Polar and Ocean Research, Goa, India	DST-SERB National Post-Doctoral Fellowship (NPDF), India
<b>January 2015- February 2019</b>	: <ul style="list-style-type: none"><li>• Post-Doctoral Fellow, Department of Biochemistry and Microbiology, Rhodes University, South Africa.</li><li>• Honorary Research Associate, The South African Institute for Aquatic Biodiversity, South Africa</li></ul>	<ul style="list-style-type: none"><li>• Rhodes University Post-Doctoral fellowship, South Africa</li><li>• NRF-SARChi Post-Doctoral fellowship, National Research Foundation, South Africa.</li></ul>
<b>July 2014 – December 2014</b>	: Senior Research Fellow, Microbiology Division, Indian Agricultural Research Institute (IARI, New Delhi, India).	Fellowship from ICAR-AMAAS funded project, India
<b>January 2010 – March 2014</b>	: Junior and Senior Research Fellow, Department of Biotechnology, Bharathiar University, Coimbatore.	Fellowship from Department of Science and Technology (DST), New Delhi.
<b>June 2009 - December 2009</b>	: Research Intern, Central institute of Medicinal and Aromatic Plants (CSIR-CIMAP), Lucknow.	NA

### Job Offers:

- ✚ **2022:** Project Scientist – III, CSIR- Centre for Cellular & Molecular Biology (CCMB), Hyderabad. (Declined).
- ✚ **2022:** Scientist – C (Project), National Centre for Cell Science, Pune. (Declined).

### Scientific expeditions and other extracurricular membership:

- ✚ Team leader: Arctic Svalbard Coastal Cruise (July 2-14<sup>th</sup> 2019), on-board RV CLIONE.
- ✚ Agulhas System Climate Array Expedition (July 1<sup>st</sup> –July 18<sup>th</sup>, 2016) On board SA Agulhas II, South Africa.
- ✚ Himalayan Expedition (June 2010).
- ✚ Team leader: Sub-Antarctic research group, Marine Natural Products Research Lab at Rhodes University (2015-2018), South Africa.
- ✚ Honorary Research associate at The South African Institute for Aquatic Biodiversity (2017-2018).
- ✚ Chair: Post-doctoral Liaison sub-committee, Rhodes University (2015-2017).
- ✚ Member : The Association for the Sciences of Limnology and Oceanography

Journal Citation index: Cumulative impact factor: **57.5**; Total citations: **400**; H-index: **11**

### Selective important publications:

1. PV Vipindas, **S.Venkatachalam**, T. Jabir, EJ Yang, K Cho, J Jung, Y Lee, K.P. Krishnan. (2022). Water mass controlled vertical stratification of prokaryotic communities in the Western Arctic Ocean during summer sea-ice melting. **Microbial Ecology**. <https://doi.org/10.1007/s00248-022-01992-z> (IF: **4.56**).
2. **S.Venkatachalam**, V.M. Kannan, V.N.Saritha, D.S. Loganathachetti, M. Mohan, K.P. Krishnan. (2021). Bacterial diversity and community structure along the glacier foreland of Midtre Lovénbreen, Svalbard, Arctic. **Ecological Indicators**.126: 107704. (IF:**4.958**).
3. **S. Venkatachalam**, G.F. Matcher, T. Lamont, M.V. Berg, I.J. Ansorge, R.A. Dorrington (2019). Influence of oceanographic variability on nearshore microbial communities of the sub-Antarctic Prince Edward Islands. **Limnology and Oceanography** 64:258-271. (Doi: 10.1002/lno.11035; IF : **4.745**).
4. T. Sibanda, R. Selvarajan, T. Msagati, **S. Venkatachalam**, S. Meddows-Taylor (2019). Defunct gold mine tailings are natural reservoir for unique bacterial communities revealed by high-throughput sequencing analysis. **Science of the Total Environment**. 650 (2), 2199-2209. (IF: **7.963**)
5. R. Selvarajan, T. Sibanda, **S. Venkatachalam**, H. Ogola, C. Obieze, T. A. Msagati (2019). Distribution, interaction and Functional Profiles of Epiphytic Bacterial Communities from the Rocky Intertidal Seaweeds, South Africa. **Scientific Reports** 9(1): 1-13 (IF **4.379**)
6. **S. Venkatachalam**, I.J. Ansorge, A. Mendes, L.I. Melato, G.F. Matcher, R.A. Dorrington (2017). A pivotal role for ocean eddies in the distribution of microbial communities across the Antarctic Circumpolar Current. **PLoS one**. 12 (8): e0183400. (IF : **3.240**).
7. **S. Venkatachalam**, V. Gowdaman, S.R. Prabakaran (2015). Culturable and culture-independent bacterial diversity and the prevalence of cold-adapted enzymes from the Himalayan Mountain ranges of India and Nepal. **Microbial Ecology** 69 (3): 472-491. (IF : **4.552**)

8. **S. Venkatachalam**, K. Ranjan, R. Prasanna, B. Ramakrishnan, S. Thapa, A. Kanchan (2016). Diversity and functional traits of culturable microbiome members, including cyanobacteria in the rice phyllosphere. **Plant Biology**. 18 (4), 627-637. (IF : 3.081)
9. K. Ranjan, H. Priya, B. Ramakrishnan, R. Prasanna, **S. Venkatachalam**, S. Thapa, R. Tiwari, L. Nain, R. Singh and Y.S. Shivay (2016). Cyanobacterial inoculation modifies the rhizosphere microbiome of rice planted to a tropical alluvial soil. **Applied Soil Ecology** 108:195-203 (IF : 4.046)

#### Other publications

10. M. Rathore, R. K. Sinha<sup>†</sup>, **S. Venkatachalam**<sup>†</sup>, K.P. Krishnan (2021). Microbial diversity and associated metabolic potential in the supraglacial habitat of a fast-retreating glacier: A case study of Patsio glacier, North-western Himalaya. **Environmental Microbiology Reports**. (IF: 3.541) Equally contributed to this work<sup>†</sup>
11. S.L. Dinesh, **S. Venkatachalam**, T. Jabir, P.V. Vipindas. K.P. Krishnan (2022). Total nitrogen influence bacterial community structure of active layer permafrost across summer and winter seasons in Ny-Ålesund, Svalbard. **World Journal of Microbiology and Biotechnology**. 38: 28, <https://doi.org/10.1007/s11274-021-03210-3>. ### Manuscripts in Review

1. RD Pienaar; **S. Venkatachalam**, PC le Roux, S Sekar, B Jansen van Vuuren and RA Dorrington, Matcher, GF, (2021). Below-ground influence of indigenous *Azorella selago* and invasive *Sagina procumbens* on sub-Antarctic Marion Island. **Biological Invasions**. EMID:3bcfa637c0935838. (IF : 3.133).
2. Isemonger, EW, Sipler, RE, Waterworth, SC, Bornman, TG, Gibbs, R, Siwe-Noundou, X, **S. Venkatachalam** and Dorrington, RA (2021). Carbon assimilation by living stromatolites reveals the importance of ancient metabolic pathways in contemporary systems. **Nature Communications**. (IF : 14.919).

### Manuscripts to be submitted

1. **S. Venkatachalam**, A. Gopinath, K.P. Krishnan. Rare bacterial taxa shape the bacterioplankton community structure in the fjords of the western and northern region of Svalbard, Arctic. **Environmental Microbiology**. (IF: 5.491).
2. Gibb, R-LA, de Vos, DKL, **S. Venkatachalam**, Bizani, M, Bornman, TG and RA Dorrington. Mapping the Agulhas System microbial communities in time and space. **Frontiers in Marine Science** (IF: 4.912).

### Conference and invited talks

- **S. Venkatachalam** (2022). Ecology of extremophilic microorganisms and their role in the functioning of ecosystems. 18<sup>th</sup> April, at Indian Institute of Science and Education Research, Thiruvananthapuram (Online mode).
- **S. Venkatachalam** and K.P. Krishnan (2021). Rare bacterial taxa shape the bacterioplankton community structure in the fjords of the west and northern Svalbard, Arctic. Arctic Science Summit Week Conference, 19<sup>th</sup> – 26<sup>th</sup> March, Portugal. Oral presentation (Online mode).
- **S. Venkatachalam** (2021). Microbial Ecology of Arctic fjords and associated glacier foreland ecosystems in the changing climatic era. Microbes in sustainable Development conference, 15<sup>th</sup> – 18<sup>th</sup> November, India. Invited talk (Online mode).
- **S. Venkatachalam**, R.A. Dorrington, I.J. Ansoorge, G.F. Matcher (2019). Southern Ocean to Sub Antarctic Islands: Significance of oceanographic perturbations in shaping the marine microbial ecosystems. National Conference on Polar Sciences. National Centre for Polar and Ocean Research, India. 20 – 22<sup>nd</sup> August, Invited talk.

- Isemonger, E., R.E. Sipler, S. Waterworth, T. Bornman, **S. Venkatachalam**, X. SiweNoundoua, R. Dorrington (2019). Living fossils: extant stromatolites provides insight into the carbon cycling of Archaean microbial communities. Applied & Environmental Microbiology Gordon Research Conference. South Hadley, MA, USA. Poster.
- Sipler, R.E., E.W. Isemonger, T.G. Bornman, S.C. Waterworth, **S. Venkatachalam**, X. SiweNoundoua, R.A. Dorrington (2019). Uptake of organic and inorganic nitrogen by South African peritidal Stromatolite microbial communities. Aquatic Sciences Meeting. San Juan, PR, USA. Talk
- **S. Venkatachalam**, R. Pienaar, G.F. Matcher, N. Mtsi, P.I. Roux, M. Greve, B.J. Vuuren, S. Sekar, R.A. Dorrington (2018). Foundational Biodiversity Information Programme: A foundational biodiversity map of the terrestrial microbiome of a sub-Antarctic island. BIMF\_FBIP symposium. 13–16 August 2018, Cape St Francis, Eastern Cape, South Africa. Page no-17.
- N. Mtsi, **S. Venkatachalam**, G.F. Matcher, R.A. Dorrington (2018). Marine microbial community dynamics as a tool for measuring the response of sub-Antarctic ecosystems to climate change. BIMF\_FBIP symposium. 13–16 August 2018, Cape St Francis, Eastern Cape, South Africa. Page no-20.
- R.D. Pienaar, R.A. Dorrington, G.F. Matcher, **S. Venkatachalam**, S. Sekar (2018). Characterising soil microbiomes associated with cushion plant species *Azorella selago* and *Sagina procumbens* on Marion Island. SANAP symposium. 13–16 August 2018, Hermanus, South Africa. Page no-68.
- R.A. Dorrington, T. Bornman, D. De Vos, G. F. Matcher, **S. Venkatachalam**, R. Weston (2018). Microbial community dynamics: a sensitive tool for assessing marine ecosystem health and the response to environmental change. 5<sup>th</sup> International Marine Conservation Congress. Kuching, Sarawak, Malaysia, 24-29, June.
- R.L. Weston, **S. Venkatachalam**, R.A. Dorrington, T. Bornman (2018). Phytoplankton community dynamics as a tool to map responses of marine ecosystems to environmental change. 4<sup>th</sup> National Conference on Global Change. Polokwane, South Africa
- **S. Venkatachalam**, S. Waterworth, G.F. Matcher, G. Bate and R.A. Dorrington (2017). A metagenomic approach to predicting harmful cyanobacterial blooms in freshwater aquatic systems. 15<sup>th</sup> Symposium on Aquatic Microbial Ecology (SAME15). Zagreb, Croatia, 3<sup>rd</sup> – 8<sup>th</sup> September.
- **S. Venkatachalam**, M. Nunes, T. Nqowana, A. Balfour, S. Hilliar, G. Bate and R.A. Dorrington. (2016) Molecular analysis of cyanobacterial diversity in Northern Maputoland: Assessing the potential for the production of harmful cyanotoxins. South African Society For Aquatic Sciences Congress. Skukuza, South Africa. June 2016. Oral Presentation.
- **S. Venkatachalam** and S.R. Prabakaran (2010). Exploring the bacterial diversity of microbes in search of novel psychrophiles from Himalayas and North Eastern Hills in India. International conference on “Biodiversity and the UN Millennium Development Goals: Challenges for Research and Action”, Frankfurt, Germany. Poster presentation

I declare that the foregoing information is correct and complete to the best of my knowledge and belief and nothing has been concealed or distorted.

(S. VENKATACHALAM)
